

## Focus on the Eye

1. Identify the structures of the eye: match the number on the diagram with the part of the eye listed below (cornea, iris, lens, retina, vitreous humor, optic nerve, pupil)

- \_\_\_ cornea
- \_\_\_ iris
- \_\_\_ lens
- \_\_\_ retina
- \_\_\_ vitreous humor
- \_\_\_ optic nerve
- \_\_\_ pupil

2. Have you learned about the parts of the eye before (yes/no)? If yes, where (in a class, science camp, etc)?

3. What are you curious about regarding the eye or vision?
