

UCI MIND presents a unique opportunity for you to...

ASK THE DOC

Bring your questions about memory loss and Alzheimer's disease, healthy brain aging, research advances, and more to this open forum.

Joshua Grill, Ph.D.

Dr. Joshua Grill, Director of Education for the UC Irvine Institute for Memory Impairments and Neurological Disorders (UCI MIND), moderates a panel of clinicians and researchers who will answer your most pressing questions about:

- Diagnosis and treatment
- Research developments
- Risk reduction strategies

Following a brief introduction to dementia research by Dr. Grill, panelists will spend the entire time answering YOUR questions!

UCI MIND is Orange County's only state and federally designated Alzheimer's Disease Research Center and is committed to the mission of researching ways to make memories last a lifetime.
