NVivo – Nud*Ist Vivo (Non-numerical Unstructured Data*Indexing, Searching and Theorizing Vivo)

developed by Qualitative Software Research International

Capacities	Limitations
- Enable to collect, organize and analyze content from text data (such as interviews, focus group discussions, surveys), audio and video data, as well as social media and webpages - Order transcripts (in English, Chinese, French, German, Japanese, Portuguese and Spanish) of your media files from within NVivo - Use pattern-based auto coding to code large volumes of text quickly - Gather and work with web pages and online PDFs using NCapture - Automatically code social media data quickly and easily visualize the results - Export your notes, articles or images from OneNote into NVivo for further analysis - Exchange bibliographic references between NVivo and EndNote, Zotero and Medeley - Different languages user interface (English, Chinese, French, German, Japanese, Portuguese or Spanish) - Use a foot pedal to send keystrokes	- Not created for analyzing audio and video files - Media files larger than 40 Mb must be stored as external files

Types of file supported

- Audio: .mp3, .m4a, .wav, .wma
- Video: .mpg, .mpeg, .mpe, .mp4, .mov, .qt, .3gp, .mts, .m2ts

Platform

Cost

There are a range of licensing options (single license, multiple licenses, a student license, a semester license or an enterprise license). Save 10% discount buying three or four licenses at once; save 20% buying five to fourteen licenses; or save 25% purchasing 15+ licenses. For more information http://www.qsrinternational.com/quick-order.aspx

Other information

Requirements on Windows:

- Windows XP SP2 or later version
- 1 Gb of RAM or more
- 1024x768 screen resolution

- 1.2 GHz Pentium III-compatible processor (32-bit) or 1.4 GHz Pentium 4-compatible processor (64-bit)
- 2GB of available disk space.

Requirements on MAC:

- Mac OS X 10.7.5 (Lion) and above
- 2Gb of RAM
- 1280x800 screen resolution
- Intel Core 2 Duo, Core i3, Core i5, Core i7, or Xeon processor
- 2GB of available disk space.
